TO INSPECT ROADS

HIGHWAY COMMISSION PROBABLY WILL START WEDNESDAY.

TWO DELEGATIONS HERE

Parnell and Harmony After Grant City Road and Quitman Wants the Rock Port Highway.

The county highway commission was somewhat busy Monday afternoon listening to claims of two delegations for county seat highways, one delegation being from Parnell and Harmony, and the other one from Quitman.

The Parnell and Harmony delegation want the county seat highway from Maryville to Grant City. They urged the commission to select the road from Maryville to the Union school house about four miles north of the city, then on east to Harmony church, then north to Orrsburg, and then to Parnell and on to Sheridan and Grant City.

The Quitman delegation is after the Rock Port highway. They are urging the commission to select the road going west out of this city, passing the county farm and on in to Quitman. From Quitman, the road can either be by the way of Tarkio or Fairfax. J. Ed Bilby of Quitman is in Rock Port today with a number of Quitman citizens, urging the Atchison county commission to have the Rock Port-Maryville road by the way of Quitman. The Quitman delegation that came to Maryville was composed of R. I. Bilby, Major Collins, Ambrose Collins, Joe Carden, Cal Busby, Hugh McDonald, Joe Montgomery, Sherman Cordell, Robert Smith.

The Quitman road, it is thought, will probably be selected as it is the most practical way to the Atchison county seat.

The Parnell delegation was composed of C. F. Sisson, A. J. Roof, L. C. Gooden, W. N. Morgan, J. A. Pirch, A. F. Hall, Dr. H Day, Dr E. Crowson, J. W. Kennedy, Dr. F. M. Bird, John O'Day, John Spire, Col Charles Evans, E. T. Gaynor, George Logan, O. T. Hubbell, Ben Murdock, John Cooper, S. B. Moody, T. C. Duckes, John Bedecker, Ed Simmons, Dale Simmons, I. N. Woodburn, Cecil Hall, J. P. Scowden, Ed Clary, Walter Dixon and Ben Seyster.

The Harmony delegation was headed by Rev. C. R. Green pastor of the Harmony church and was composed of Leland Graves, Frank Van Velson, Bud West, Mark Heflin, Rube Swain, Bud Woodburn.

It is the intention of the members of the highway commission to start out on their inspection trip over the various roads entered for the county seat highways on Wednesday. It will take several days to inspect all of the roads entered.

MARYVILLE TEAM DEFEATED.

A team composed of the band boys of the Maryville band played the Conception Junction ball team at the latter place on Sunday afternoon and was defeated by the Junction team by a score of 25 to 0.

Music was furnished by the boys before the game and also after the game and as one man put it: "the boys can play music, but they can't play base ball." Harty Hastings pitched for the Maryville team and the other players on the team were Denny, Butherus, Shanks, Moody, Cannon, Miles, Harold Maulding, Wilson. Prof. T. B. Maulding, director of the band, accompanied the team to Conception Junction, as did also Mel Atherton.

"THE VALUE OF A GOOD NAME.

Sermon Delivered by Rev. Miller Sunday Evening—Listened to With Much Interest.

A large congregation assembled at the Christian church last evening and listened with much interest to the sermon, when the pastor, Rev. Claude John Miller took for his subject, "The Value of a Good Name." Text, Prov. 22:1—"A good name is to be chosen rather than great riches, and loving favor rather than silver and gold."

Rev. Mr. Miller said in part:

"The writer of this text makes it plain that we choose our name. That is, we make our name and in that sense choose it. If we keep our name unsullied we have chosen a good name. 'A good name is rather to be choser than great riches.'

"We often hear it said in a happy-go-lucky fashion, 'Oh, there is nothing in a name.' No falser sentence was ever uttered.

"The significance of names is revealed in that the name Adam meant of the ground; Eve, life; Abram, exalted father; Abraham, father of a multitude, in whom all families of the earth were blessed; Moses, drawn out, because he was drawn out of the water by a maid of Thurmutus, daughter of Pharoah. Ruth meant beauiful; Naomi, pleasant; Elijah, my strength is in the Lord. Each one of these is packed full of meaning. In many cases the whole outline of the character is packed away in the word.

"In Pilate we see the symbol of cowardice. He should have made the decision as to the disposition of Jesus, but instead he washed his hands and said, 'Send Him away and do what ye will with Him,' afraid to stand by his own convictions.

"In the character of Judas Iscariot we have the betrayer, one who betrayed his Master. On the other hand Bible history tells us Moses refused the riches of Egypt and became a shepherd rather than sin.

"The experiences and warnings as outlined in the Bible are the same from then 'till now. Let us see the truth of it:

"Names have always meant much in the history of nations. The name of their general has inspired many an army to victory. You have only to speak the names of certain men and you have before you a panoramic view of great battles fought and great victories won. Napoleon, a mighty general, led his nation to glory; then we see him in defeat and a prisoner in St. Helena. With the name of Cromwell every true Puritan's blood runs faster. With the mention of Washington and Lincoln we all doff our hats. Their names stir the fire of patriotism in us; we feel their great gift to the nation and love it anew.

"Mention the name of Jesus to the darkened soul and it will bring light. Mention that name to the mother weeping over her dying babe and she will find comfort. His name is above every name. We have no access to God by reason of our own names, but through the name of His son He admits us to His presence and throne of grace. Will you take His name and be adopted into His family?"

Mr. and Mrs. Cleve Hood of Pickering were shopping in Maryville Saturday.

Ralph McMillen, Who is to Be in Maryville Flies a Mile High in Kansas City.

Ralph McMillen, who is to give two flights in Maryville on Wednesday, June 18, at the white way celebration in his biplane, gave a successful flight at Kansas City on Saturday. The Kansas City Star had the following in regard to the flight:

"A Curtiss biplane, driven by Ralph McMillen, circled over the business section Saturday afternoon at a height of nearly a mile. McMillen rose from the aviation field in North Kansas City, crossed high above the river and described a circle with the Commerce building as the center. Nine minutes after his start he was back at the aviation field.

PLAYED LOOSE GAMES.

Good Crowd Saw Harmony Win From Christians and Methodists Beat Baptists.

Standing of League.

	Won	Lost	Per.
Harmony	1	0	1000
First Methodist	1	0	1000
Buchanan St. Meth.	1	1	.500
Baptist	1	1	.500
Presbyterian	0	1	000
Christian	0	1	000

The fans of the Sunday School baseball league witnessed two loosely played games Saturday afternoon. There was a very good crowd out to see the games but on account of many errors both games were very uninteresting.

In the first game the Harmony boys, east of Maryville, played the Christian church Sunday school team and had no trouble getting next to "Lefty" McDougal's delivery in the early part of the game. The Lewis brothers were the stars of the Harmony team. The pitching and catching of these boys was enough to win the game for the Harmony team.

The second game was even slower than the first. Five hits made by the Buchanan Street Methodists in the first inning took the "pep" out of the Baptist lads. Three of these hits were two-baggers, one single and one home run.

The batteries of the first game: Harmony—C. Lewis and E. Lewis; Christian — McDougal and Miller. Score: Harmony 18, Christian 6. Umpires, Wray and Hancock.

Batteries of second game: Baptist—Conley and Wiles; Buchanan Street Methodist—Moore and Taylor. Score: Buchanan Street Methodist 25, Baptist 11. Umpires, Hancock and McDougal.

EVENT IN CHURCH HISTORY.

Brickers Bible School at Atlanta Headed Enrollment—Fern Theatre Tonight.

Maryville will have opportunity tonight and Tuesday night to witness the big Sunday school parade that took place in Atlanta, Georgia, a few Sunday mornings ago, when 7,000 men, women and children marched through the streets of that city to Sunday school at the First Christian and Second Baptist churches.

Moving pictures of this vast throng were taken by theatre men while the parade was in progress.

The films of this unusual event, which is considered the greatest thing that has happened in church life in one hundred years, was received Saturday noon by Mr. J. B. Ells of the Fern theatre, who will present them today and Tuesday, both afternoon and evening.

Rev. L. O. Bricker, pastor of the Christian church at Atlanta and a former Maryville pastor and Dr. John White of the Second Baptist church, the leaders of this great Sunday school contest, figure conspicuously in the pictures. The two men work together like brothers. They have a common task before them, and in the work the denominational line between the two churches has been completely obliterated.

On the morning the pictures were taken in Atlanta 4,129 persons attended the Christian church Bible school and 2 681 persons were at the Baptist church school.

Eradicating Dodder.

By J. C. Hackleman.

Analysis of samples of clover and alfalfa seed during the past three years at the Missouri seed-testing laboratory have proven conclusively that much seed infected with dodder is on the market. This is especially true of alfalfa samples. Of the alfalfa samples analyzed during the past three years 28.7 per cent have contained dodder. Red clover seed, while not so bad, has shown this pest in 16.6 per cent of the samples.

Dodder is a parasitic plant; that is, it depends solely upon the plant on which it grows for its sustance. It is a yellowish, leafless vine. The dodder seed sown with the clover and alfalfa germinates, the vines begin to grow up and entwine around the young clover plants and as soon as they are firmly established on the host plant the connection with the ground is severed, and the roots die. From this time on the dodder lives by sapping its food from the tissues of the clover or alfalfa plant upon which it grows, by means of sucking roots which it sends into the stem. This causes the death of the host plant.

Many remedies are offered for the handling of dodder, but about the safest and most satisfactory one is to cut the infected portion and after the hay becomes dry burn where it lies. If the dodder is only in patches some straw might be placed on the spots before burning so as to insure complete control.

This remedy is rather severe, of course, and looks wasteful, but no time can be lost with this pest. Dodder vines never should be moved from one part of the farm to another to burn for fear of scattering the seed, consequently, the best method is to burn where it grows.

JAP SPEAKERS URGE PATIENCE

Express Belief Harmony Will Follow Negotiations.

ALIEN LAND BILL DEPLORED.

"Tooth for a Tooth and Eye for Eye' Mistaken Policy"—Should Minimize Ill Feeling—America Advised to Open Doors and Welcome Orientals.

Sacramento, Cal., June 2.—Counseling patience, urging that nothing radical be done and expressing a belief that harmony would follow the negotiations now proceeding between Japan and the American government, regarding the enactment of the anti-alien land law, the Japanese envoys who recently arrived in Sacramento talked to 1,500 of their countrymen on the lawn of the Buddhist temple here. S. Ebara and A. Hattori, members of the Japanese party; Dr. Soyeda, representing the Japanese business men; T. Kamiya, secretary of an immigration association of Japan, and Y. Yamoto, secretary of the Tokyo Young Men's Christian association, were the speakers. H. Kishi, a director of the Nippon bank of Sacramento, presided.

"Japanese in America and in Japan should realize that the 'tooth for a tooth and eye for an eye' feeling is a mistaken policy," said Dr. Soyeda. "It is the duty of everyone concerned to minimize whatever feeling now exists.

"America should open her doors and welcome us. America asked us to maintain the 'open door' in Manchuria and Japan did. It is discrimination to which Japan objects.

"The three-year clause in the land law shows how close the bill comes to violating the spirit of the treaty. It stopped at the very edge of the line. That such a law and such a clause was enacted is a cause of keen regret."

Strict attention was paid to the speakers. Applause and cheering was frequent. Throughout all the speeches the audience was orderly.

Dr. Soyeda leaves in company with Hamiya for nearly towns and southern California. After inspecting the Japanese settlements in those sections, he plans to return to San Francisco and sail immediately for Japan to give his opinion to the business men of Japan.

HUNT FOR LOBBY ON IN CAPITAL

Inquiry Into Alleged Opposition to Underwood Bill Begins.

FULL INFORMATION REQUIRED

Each Must Tell Under Oath Whether He Has Any Interest in Matters Affected in Congress—To Go on Grill in Relays of Four.

Washington, June 2.—Tariff and currency reform went into eclipse today when the senate began its hunt for "the numerous and insidious lobby" which President Wilson has said is at work in Washington, threatening the Underwood bill.

Some attention also will be diverted to the senate investigation of the West Virginia coal strike, which will also take form this week. Work on the tariff and currency will go on, however, with subcommittees grinding on the schedules. The leaders hope to get the bill into the senate not later than June 23.

The most searching investigation ever undertaken into the private affairs and business connections of members of the United States senate will be the outgrowth of the lobby investigation, which opened this morning before a subcommittee of the senate judiciary committee. While President Wilson's declaration that a powerful lobby is at work attempting to influence action on the tariff forms the basis of the senate investigation, questions prepared by the committee to be asked of each member of the senate are such as to carry the investigation far outside of tariff matters. Each senator will be required to tell under oath whether he has, during this term, or whether or not he has ever tried to influence any other senator to vote for a measure in which he was interested.

Chairman Overman of the subcommittee expressed the opinion that the committee's questions would require a statement by each senator as to any business interests he may have that would be affected by the tariff, currency or any other legislation. Many members of the senate are associated with manufacturing, live stock, financial or farming corporations or interests and to the questions of the committee they probably will be required to give any such information if the matter would affect their business in any way.

Senators Overman, Reed, Walsh, Cummins and Nelson were selected as the subcommittee to conduct the investigation. At two subsequent meetings this subcommittee decided to summons all members of the senate, beginning alphabetically and calling four senators at a time.

T. R. WINS LIBEL SUIT

Asks Nominal Damages After Newett Issues Retraction.

Marquette, Mich., June 2.—Colonel Theodore Roosevelt was awarded the verdict in the libel suit which he instituted against Editor George A. Newett of the Ishpeming (Mich.) Iron Ore, who in an editorial had accused the former president of drunkenness.

Mr. Newett had taken the witness stand and retracted the charge. He said he had been impressed that an injustice had been done the colonel in the publication of the article and deeply regretted it. The plaintiff then asked the judge to instruct the jury to bring in merely nominal damages.

Nominal damages means 6 cents under the laws of Michigan and no costs.

This was done by the court, and the jury, following instructions, awarded Colonel Roosevelt 6 cents damages.

Colonel Roosevelt's statement to the court was as follows: "Your honor, in view of the statement of the defendant, I ask the court to instruct the jury that I desire only nominal damages. I did not go into this case for money. I did not go into it for any vindictive purpose. I went into it, and, as the court said, I made my reputation an issue because I wished once for all during my lifetime thoroughly and comprehensively to deal with these slanders so that never again will it be possible for any man in good faith to repeat them. I have achieved my purpose and I am content."

RUSH FOR GOLDFIELDS OF NORTH BEGINNING.

Seattle, Wash., June 2.—The annual spring rush to the Seward peninsula gold field began when the steamship Senator, the first of the regular liners to sail for Bering sea this season, departed for Nome, Alaska, with 380 passengers and a full cargo of mining machinery, provisions and supplies. The Senator will be followed today by four steamships bound for the same port. The liner Victoria will carry 668 passengers.

Mission Tax of Twenty Cents a Week.

Washington, June 2.—Resolutions involving changes in the evangelical work and the financial system of denomination were adopted at the conference of Seventh Day Adventists at Takoma Park, Md. One resolution called for the raising of 20 cents a week from every member of the church for the support of missions and for the liquidation of its debts.

SEVEN BANKS OBJECT TO PAYING INTEREST

Secretary McAdoo Announces Distribution of Ten Million.

Washington, June 2.—Secretary McAdoo announced the distribution by states of the additional $10,000,000 of federal funds which the treasury department will deposit in the national banks.

Of the 559 active depositary banks on May 1, when the secretary issued his interest order, Mr. McAdoo said only seven have declined to pay the interest charge and ceased to be government depositaries, surrendering the federal funds to the treasury. The $10,000,000 and this surrendered amount, aggregating $11,581,000, has been apportioned in various amounts among 607 national banks in 475 cities and towns in the forty-eight states and the District of Columbia.

The seven banks unwilling to pay interest, the secretary said, were: The National City bank, the National Bank of Commerce and the Chemical National bank of New York city, the National Bank of Commerce of New London, Conn.; the Merchants' National bank of Savannah, Ga.; the First National bank of Buffalo, Wyo., and the Seaboard National bank of San Francisco.

The secretary announced he had reduced the government deposits in a number of banks, which, he said, "at the close of the last administration held amounts which seemed to be excessive or unjustified, the reductions in most cases being made against the protests of the banks, who desired to retain the funds, notwithstanding the interest charge."

MEN PROTECT MILITANTS

Male Sympathizers Guard Suffragettes From Mob With Clubs.

London, June 2.—Defying the police order closing Hyde park to their meetings, the Women's Social and Political union sent speakers there, who held forth for a long time under the protection of male sympathizers armed with clubs.

When the comparatively peaceful non-militant organizations, which still are permitted to use the park, finished their customary demonstrations, flags of the Women's Social and Political union were raised at twelve different points and as many speakers harangued the crowds.

Mobs of men and boys started to rush the speakers, but found themselves menaced by disciplined bodyguards wielding stout clubs. The crowds had to content themselves with hooting and singing, while the police looked on without attempting to check the speakers.

The maneuver dividing the gathering into sections proved successful and the bodyguard of each division was able to protect the women.

Limits Immigration From Asia.

TO INSPECT ROADS

MIGHWAY COMMISSION PROBABLY WILL START WEDNESDAY.

TWO DELEGATIONS HERE

Parnell and Harmony After Grant City Road and Quitman Wants the Rock Port Highway.

The county highway commission was somewhat busy Monday afternoon listening to claims of two delegations for county seat highways, one delegation being from Parnell and Harmony, and the other one from Quitman.

The Parnell and Harmony delegation want the county seat highway from Maryville to Grant City. They urged the commission to select the road from Maryville to the Union school house about four miles north of the city, then on east to Harmony church, then north to Orrsburg, and then to Parnell and on to Sheridan and Grant City.

The Quitman delegation is after the Rock Port highway. They are urging the commission to select the road going west out of this city, passing the county farm and on in to Quitman. From Quitman, the road can either be by the way of Tarkio or Fairfax. J. Ed Bilby of Quitman is in Rock Port today with a number of Quitman citizens, urging the Atchison county commission to have the Rock Port-Maryville road by the way of Quitman. The Quitman delegation that came to Maryville was composed of R. I. Bilby, Major Collins, Ambrose Collins, Joe Carden, Cal Busby, Hugh McDonald, Joe Montgomery, Sherman Cordell, Robert Smith.

The Quitman road, it is thought, will probably be selected as it is the most practical way to the Atchison county seat.

The Parnell delegation was composed of C. F. Sisson, A. J. Roof, L. C. Gooden, W. N. Morgan, J. A. Pirch, A. F. Hall, Dr. H Day, Dr E. Crowson, J. W. Kennedy, Dr. F. M. Bird, John O'Day, John Spire, Col Charles Evans, E. T. Gaynor, George Logan, O. T. Hubbell, Ben Murdock, John Cooper, S. B. Moody, T. C. Duckes, John Bedecker, Ed Simmons, Dale Simmons, I. N. Woodburn, Cecil Hall, J. P. Scowden, Ed Clary, Walter Dixon and Ben Seyster.

The Harmony delegation was headed by Rev. C. R. Green pastor of the Harmony church and was composed of Leland Graves, Frank Van Velson, Bud West, Mark Heflin, Rube Swain, Bud Woodburn.

It is the intention of the members of the highway commission to start out on their inspection trip over the various roads entered for the county seat highways on Wednesday. It will take several days to inspect all of the roads entered.

MARYVILLE TEAM DEFEATED.

Conception Junction Landed on the Team Here to the Tune of 25 to 0.

A team composed of the band boys of the Maryville band played the Conception Junction ball team at the latter place on Sunday afternoon and was defeated by the Junction team by a score of 25 to 0.

Music was furnished by the boys before the game and also after the game and as one man put it: "the boys can play music, but they can't play base ball." Harty Hastings pitched for the Maryville team and the other players on the team were Denny, Butherus, Shanks, Moody, Cannon, Miles, Harold Maulding, Wilson. Prof. T. B. Maulding, director of the band, accompanied the team to Conception Junction, as did also Mel Atherton.

"THE VALUE OF A GOOD NAME.

Sermon Delivered by Rev. Miller Sunday Evening—Listened to With Much Interest.

A large congregation assembled at the Christian church last evening and listened with much interest to the sermon, when the pastor, Rev. Claude John Miller took for his subject, "The Value of a Good Name." Text, Prov. 22:1—"A good name is to be chosen rather than great riches, and loving favor rather than silver and gold."

Rev. Mr. Miller said in part:

"The writer of this text makes it plain that we choose our name. That is, we make our name and in that sense choose it. If we keep our name unsullied we have chosen a good name. 'A good name is rather to be choser than great riches.'

"'We often hear it said in a happy-go-lucky fashion, 'Oh, there is nothing in a name.' No falser sentence was ever uttered.

"The significance of names is revealed in that the name Adam meant of the ground; Eve, life; Abram, exalted father; Abraham, father of a multitude, in whom all families of the earth were blessed; Moses, drawn out, because he was drawn out of the water by a maid of Thurmutus, daughter of Pharoah. Ruth meant beauiful; Naomi, pleasant; Elijah, my strength is in the Lord. Each one of these is packed full of meaning. In many cases the whole outline of the character is packed away in the word.

"In Pilate we see the symbol of cowardice. He should have made the decision as to the disposition of Jesus, but instead he washed his hands and said, 'Send Him away and do what ye will with Him,' afraid to stand by his own convictions.

"In the character of Judas Iscariot we have the betrayer, one who betrayed his Master. On the other hand Bible history tells us Moses refused the riches of Egypt and became a shepherd rather than sin.

"The experiences and warnings as outlined in the Bible are the same from then 'till now. Let us see the truth of it.

"Names have always meant much in the history of nations. The name of their general has inspired many an army to victory. You have only to speak the names of certain men and you have before you a panoramic view of great battles fought and great victories won. Napoleon, a mighty general, led his nation to glory; then we see him in defeat and a prisoner in St. Helena. With the name of Cromwell every true Puritan's blood runs faster. With the mention of Washington and Lincoln we all doff our hats. Their names stir the fire of patriotism in us; we feel their great gift to the nation and love it anew.

"Mention the name of Jesus to the darkened soul and it will bring light. Mention that name to the mother weeping over her dying babe and she will find comfort. His name is above every name. We have no access to God by reason of our own names, but through the name of His son He admits us to His presence and throne of grace. Will you take His name and be adopted into His family?"

Mr. and Mrs. Cleve Hood of Pickering were shopping in Maryville Saturday.

McMILLEN IN A PLANE FLIGHT.

Ralph McMillen, Who is to Be in Maryville Flies a Mile High in Kansas City.

Ralph McMillen, who is to give two flights in Maryville on Wednesday, June 18, at the white way celebration in his biplane, gave a successful flight at Kansas City on Saturday. The Kansas City Star had the following in regard to the flight:

"A Curtiss biplane, driven by Ralph McMillen, circled over the business section Saturday afternoon at a height of nearly a mile. McMillen rose from the aviation field in North Kansas City, crossed high above the river and described a circle with the Commerce building as the center. Nine minutes after his start he was back at the aviation field.

PLAYED LOOSE GAMES.

Good Crowd Saw Harmony Win From Christians and Methodists Beat Baptists.

Standing of League.

	Won	Lost	Per.
Harmony	1	0	1000
First Methodist	1	0	1000
Buchanan St. Meth.	1	1	.500
Baptist	1	1	.500
Presbyterian	0	1	000
Christian	0	1	000

The fans of the Sunday School baseball league witnessed two loosely played games Saturday afternoon. There was a very good crowd out to see the games but on account of many errors both games were very uninteresting.

In the first game the Harmony boys, east of Maryville, played the Christian church Sunday school team and had no trouble getting next to "Lefty" McDougal's delivery in the early part of the game. The Lewis brothers were the stars of the Harmony team. The pitching and catching of these boys was enough to win the game for the Harmony team.

The second game was even slower than the first. Five hits made by the Buchanan Street Methodists in the first inning took the "pep" out of the Baptist lads. Three of these hits were two-baggers, one single and one home run.

The batteries of the first game: Harmony—C. Lewis and E. Lewis; Christian — McDougal and Miller. Score: Harmony 18, Christian 6. Umpires, Wray and Hancock.

Batteries of second game: Baptist—Conley and Wiles; Buchanan Street Methodist—Moore and Taylor. Score; Buchanan Street Methodist 25, Baptist 11. Umpires, Hancock and McDougal.

Shoppers Here Monday.

EVENT IN CHURCH HISTORY.

Brickers Bible School at Atlanta Headed Enrollment—Fern Theatre Tonight.

Maryville will have opportunity tonight and Tuesday night to witness the big Sunday school parade that took place in Atlanta, Georgia, a few Sunday mornings ago, when 7,000 men, women and children marched through the streets of that city to Sunday school at the First Christian and Second Baptist churches.

Moving pictures of this vast throng were taken by theatre men while the parade was in progress.

The films of this unusual event, which is considered the greatest thing that has happened in church life in one hundred years, was received Saturday noon by Mr. J. B. Ells of the Fern theatre, who will present them today and Tuesday, both afternoon and evening.

Rev. L. O. Bricker, pastor of the Christian church at Atlanta and a former Maryville pastor and Dr. John White of the Second Baptist church, the leaders of this great Sunday school contest, figure conspicuously in the pictures. The two men work together like brothers. They have a common task before them, and in the work the denominational line between the two churches has been completely obliterated.

On the morning the pictures were taken in Atlanta 4,129 persons attended the Christian church Bible school and 2,681 persons were at the Baptist church school.

Eradicating Dodder.

By J. C. Hackleman.

Analysis of samples of clover and alfalfa seed during the past three years at the Missouri seed-testing laboratory have proven conclusively that much seed infected with dodder is on the market. This is especially true of alfalfa samples. Of the alfalfa samples analyzed during the past three years 28.7 per cent have contained dodder. Red clover seed, while not so bad, has shown this pest in 16.6 per cent of the samples.

Dodder is a parasitic plant; that is, it depends solely upon the plant on which it grows for its sustance. It is a yellowish, leafless vine. The dodder seed sown with the clover and alfalfa germinates, the vines begin to grow up and entwine around the young clover plants and as soon as they are firmly established on the host plant the connection with the ground is severed, and the roots die. From this time on the dodder lives by sapping its food from the tissues of the clover or alfalfa plant upon which it grows, by means of sucking roots which it sends into the stem. This causes the death of the host plant.

Many remedies are offered for the handling of dodder, but about the safest and most satisfactory one is to cut the infected portion and after the hay becomes dry burn where it lies. If the dodder is only in patches some straw might be placed on the spots before burning so as to insure complete control.

This remedy is rather severe, of course, and looks wasteful, but no time can be lost with this pest. Dodder vines never should be moved from one part of the farm to another to burn for fear of scattering the seed, consequently, the best method is to burn where it grows.

JAP SPEAKERS URGE PATIENCE

Express Belief Harmony Will Follow Negotiations.

ALIEN LAND BILL DEPLORED.

"Tooth for a Tooth and Eye for Eye' Mistaken Policy"—Should Minimize Ill Feeling—America Advised to Open Doors and Welcome Orientals.

Sacramento, Cal., June 2.—Counseling patience, urging that nothing radical be done and expressing a belief that harmony would follow the negotiations now proceeding between Japan and the American government, regarding the enactment of the anti-alien land law, the Japanese envoys who recently arrived in Sacramento talked to 1,500 of their countrymen on the lawn of the Buddhist temple here. S. Ebara and A. Hattori, members of the Japanese party; Dr. Soyeda, representing the Japanese business men; T. Kamiya, secretary of an immigration association of Japan, and Y. Yamoto, secretary of the Tokyo Young Men's Christian association, were the speakers. H. Kishi, a director of the Nippon bank of Sacramento, presided.

"Japanese in America and in Japan should realize that the 'tooth for a tooth and eye for an eye' feeling is a mistaken policy," said Dr. Soyeda. "It is the duty of everyone concerned to minimize whatever feeling now exists.

"America should open her doors and welcome us. America asked us to maintain the 'open door' in Manchuria and Japan did. It is discrimination to which Japan objects.

"The three-year clause in the land law shows how close the bill comes to violating the spirit of the treaty. It stopped at the very edge of the line. That such a law and such a clause was enacted is a cause of keen regret."

Strict attention was paid to the speakers. Applause and cheering was frequent. Throughout all the speeches the audience was orderly.

Dr. Soyeda leaves in company with Hamiya for nearly towns and southern California. After inspecting the Japanese settlements in those sections, he plans to return to San Francisco and sail immediately for Japan to give his opinion to the business men of Japan.

The body of the young daughter of the family was found by the side of her father, and revolvers were found lying at the sides of husband and wife.

In the body of the girl were found two bullet wounds from the caliber revolver which was found by the mother, leading to the belief that the mother herself inflicted the fatal wounds upon the girl.

HUNT FOR LOBBY ON IN CAPITAL

Inquiry Into Alleged Opposition to Underwood Bill Begins.

FULL INFORMATION REQUIRED

Each Must Tell Under Oath Whether He Has Any Interest in Matters Affected in Congress—To Go on Grill in Relays of Four.

Washington, June 2.—Tariff and currency reform went into eclipse today when the senate began its hunt for "the numerous and insidious lobby" which President Wilson has said is at work in Washington, threatening the Underwood bill.

Some attention also will be diverted to the senate investigation of the West Virginia coal strike, which will also take form this week. Work on the tariff and currency will go on, however, with subcommittees grinding on the schedules. The leaders hope to get the bill into the senate not later than June 23.

The most searching investigation ever undertaken into the private affairs and business connections of members of the United States senate will be the outgrowth of the lobby investigation, which opened this morning before a subcommittee of the senate judiciary committee. While President Wilson's declaration that a powerful lobby is at work attempting to influence action on the tariff forms the basis of the senate investigation, questions prepared by the committee to be asked of each member of the senate are such as to carry the investigation far outside of tariff matters. Each senator will be required to tell under oath whether he has, during this term, or whether or not he has ever tried to influence any other senator to vote for a measure in which he was interested.

Chairman Overman of the subcommittee expressed the opinion that the committee's questions would require a statement by each senator as to any business interests he may have that would be affected by the tariff, currency or any other legislation. Many members of the senate are associated with manufacturing, live stock, financial or farming corporations or interests and to the questions of the committee they probably will be required to give any such information if the matter would affect their business in any way.

Senators Overman, Reed, Walsh, Cummins and Nelson were selected as the subcommittee to conduct the investigation. At two subsequent meetings this subcommittee decided to summons all members of the senate, beginning alphabetically and calling four senators at a time.

T. R. WINS LIBEL SUIT

Asks Nominal Damages After Newett Issues Retraction.

Marquette, Mich., June 2.—Colonel Theodore Roosevelt was awarded the verdict in the libel suit which he instituted against Editor George A. Newett of the Ishpeming (Mich.) Iron Ore, who in an editorial had accused the former president of drunkenness.

Mr. Newett had taken the witness stand and retracted the charge. He said he had been impressed that an injustice had been done the colonel in the publication of the article and deeply regretted it. The plaintiff then asked the judge to instruct the jury to bring in merely nominal damages.

Nominal damages means 6 cents under the laws of Michigan and no costs.

This was done by the court, and the jury, following instructions, awarded Colonel Roosevelt 6 cents damages.

Colonel Roosevelt's statement to the court was as follows: "Your honor, in view of the statement of the defendant, I ask the court to instruct the jury that I desire only nominal damages. I did not go into this case for money. I did not go into it for any vindictive purpose. I went into it, and, as the court said, I made my reputation an issue because I wished once for all during my lifetime thoroughly and comprehensively to deal with these slanders so that never again will it be possible for any man in good faith to repeat them. I have achieved my purpose and I am content."

RUSH FOR GOLDFIELDS OF NORTH BEGINNING.

Seattle, Wash., June 2.—The annual spring rush to the Seward peninsula gold field began when the steamship Senator, the first of the regular liners to sail for Bering sea this season, departed for Nome, Alaska, with 380 passengers and a full cargo of mining machinery, provisions and supplies. The Senator will be followed today by four steamships bound for the same port. The liner Victoria will carry 668 passengers.

Mission Tax of Twenty Cents a Week.

Washington, June 2.—Resolutions involving changes in the evangelical work and the financial system of denomination were adopted at the conference of Seventh Day Adventists at Takoma Park, Md. One resolution called for the raising of 20 cents a week from every member of the church for the support of missions and for the liquidation of its debts.

SEVEN BANKS OBJECT TO PAYING INTEREST

Secretary McAdoo Announces Distribution of Ten Million.

Washington, June 2.—Secretary McAdoo announced the distribution by states of the additional $10,000,000 of federal funds which the treasury department will deposit in the national banks.

Of the 559 active depositary banks on May 1, when the secretary issued his interest order, Mr. McAdoo said only seven have declined to pay the interest charge and ceased to be government depositaries, surrendering the federal funds to the treasury. The $10,000,000 and this surrendered amount, aggregating $11,581,000, has been apportioned in various amounts among 607 national banks in 475 cities and towns in the forty-eight states and the District of Columbia.

The seven banks unwilling to pay interest, the secretary said, were: The National City bank, the National Bank of Commerce and the Chemical National bank of New York city, the National Bank of Commerce of New London, Conn.; the Merchants' National bank of Savannah, Ga.; the First National bank of Buffalo, Wyo., and the Seaboard National bank of San Francisco.

The secretary announced he had reduced the government deposits in a number of banks, which, he said, "at the close of the last administration held amounts which seemed to be excessive or unjustified, the reductions in most cases being made against the protests of the banks, who desired to retain the funds, notwithstanding the interest charge."

MEN PROTECT MILITANTS

Male Sympathizers Guard Suffragettes From Mob With Clubs.

London, June 2.—Defying the police order closing Hyde park to their meetings, the Women's Social and Political union sent speakers there, who held forth for a long time under the protection of male sympathizers armed with clubs.

When the comparatively peaceful non-militant organizations, which still are permitted to use the park, finished their customary demonstrations, flags of the Women's Social and Political union were raised at twelve different points and as many speakers harangued the crowds.

Mobs of men and boys started to rush the speakers, but found themselves menaced by disciplined bodyguards wielding stout clubs. The crowds had to content themselves with hooting and singing, while the police looked on without attempting to check the speakers.

The maneuver dividing the gathering into sections proved successful and the bodyguard of each division was able to protect the women.

Limits Immigration From Asia.

Washington, June 2.—An attempt to limit immigration from southern Europe and Asiatic countries, without the use of the "literacy test," upon which President Taft placed his disapproval in the last session of congress, is embodied in a bill introduced in the senate by Senator Dillingham, chairman of the former immigration commission.
